# Your clients give you 5 stars. Does the internet show that?

This is the **Customer view**: I looked at Pearce Kitchen & Bathroom Remodelers the way a new client would. First what people say on Google, then what they find when they look for your website. Here is what I found.

GOOGLE × WEBSITE

## What clients say and what the internet shows

### On Google, clients rate you

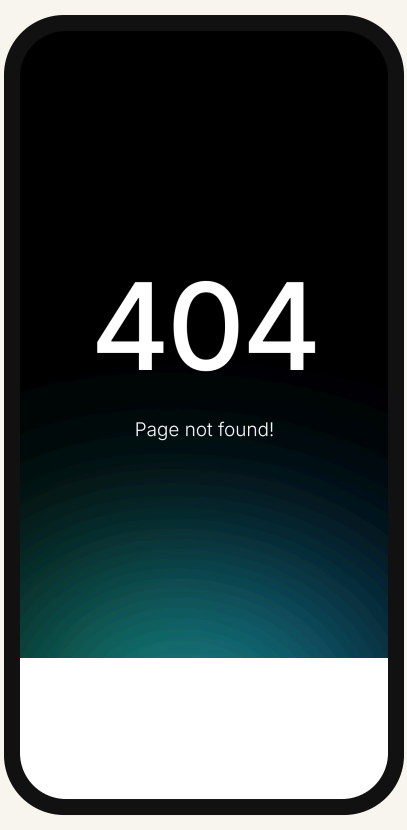

**5** ★ stars on Google

★ ★ ★ ★ ★

Every one of those stars was earned in person. That trust is your strongest asset.

### When someone looks for your website

The link leads to an error

On Google you have 5 stars, which means people who come to you leave happy.

NEXT STEPS

## Next steps to make Pearce Kitchen & Bathroom Remodelers stand out

**3 of 12** points unlocked here. The full diagnosis comes with your website.

1 UNLOCKED

**The link on Google leads nowhere**

Clients click your website and land on an error or a page that isn't yours.

2 UNLOCKED

**It looks like you closed**

Many people assume the business no longer exists and choose a competitor.

3 UNLOCKED

**Your 5-star reputation stops at a broken link**

All the trust you built on Google is lost right at the moment people want to contact you.

HOW I SOLVE THIS FOR YOU

## We build websites that earn trust

1 **Strategy for your business**

I define with you what makes Pearce Kitchen & Bathroom Remodelers different and what your clients search for before they choose. Everything else is built on that.

2 **A custom, animated website**

Design and copy made for you, fast and beautiful on phones, with your best work on the first screen. You approve everything before it goes live.

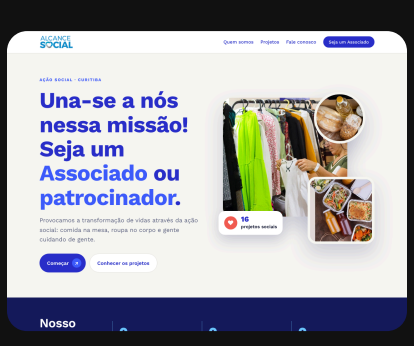

3 **Trust from the first click**

Your Google listing points to the new site, and the trust from your reviews continues there: real photos, testimonials and the people behind the work.
